Dear Ms. McDonald:

On May 6, 2005, IWL Communications Inc. d/b/a Caprock Services Corp. filed the above-captioned application for Special Temporary Authority (STA) to add multiple 1.2 meter and 1.5 meter remote antennas to a Fixed Satellite Service earth station in the 11.7-12.2 and 14.0-14.5 GHz bands.

A review of the application reveals that you did not provide any justification supporting your STA request. In addition, your application does not specify the time period sought. Therefore, your application is incomplete.

Accordingly, pursuant to Section 25.112(a)(1)¹ of the Commission's rules, we dismiss your application as defective without prejudice.

Sincerely,

A handwritten signature in cursive script that reads "Scott A. Kotler".
