**FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT**

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to [jboley@fcc.gov](mailto:jboley@fcc.gov). PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

## **12. Description**

Recently, Panhandle Telecasting, LP, the applicant herein, filed an FCC Form 312 application seeking a license for a transmit and receive earth station (see FCC File No. SES-LIC-20050626-00824). While that application remains pending, the applicant respectfully requests special temporary authority (STA) to allow it to use this fixed earth station to transmit programming, as well as to receive programming. This facility is associated with a full power television station and is currently operated as a receive-only earth station, for which a license is not required. This station is used to receive national television network programming for broadcast on the local television station. Granting the requested STA to permit this earth station to both transmit and receive during the pendency of the above-referenced license application is in the public interest as it will facilitate the transmission of programming to a national network and improve the parent station
