Re: Call Sign E980250
File No. SES-STA-20050719-00947

Dear Mr. Edinger:

On July 19, 2005, Loral Skynet Network Services, Inc. (Debtor-in-Possession) (Loral Skynet) filed the above-captioned application for Special Temporary Authority to operate a Fixed Earth Station in the conventional C-Band¹ with the Telstar 18 satellite, which is licensed by Tonga. Pursuant to Section 25.112(a)(1) of the Commission's rules, 47 C.F.R. § 25.112(a)(1), we dismiss this application as defective without prejudice to refiling for failure to submit an ECO-SAT analysis for Kazakhstan.

Since the licensing administration of the satellite is not a member of the World Trade Organization (WTO), an ECO-SAT analysis is required for all route markets that are not WTO members pursuant to Section 25.137(a)(1) and 25.137(a)(2) of the Commission's rules.² Since Kazakhstan is not a WTO member, you must supply an ECO-SAT analysis with respect to Kazakhstan before we would consider authorizing service to that country via Telstar 18.

¹ 3700-4200 and 5925-6425 MHz bands.

² 47 C.F.R. §§ 25.137(a)(1) and 25.137(a)(2).

Accordingly, pursuant to Section 25.112(a)(1)³ of the Commission's rules, 47 C.F.R. § 25.112(a)(1), and Section 0.261 of the Commission's rules on delegations of authority, 47 C.F.R. § 0.261, we dismiss your application as defective without prejudice to refiling.

Sincerely,

Scott A. Kotler
Chief, Systems Analysis Branch
Satellite Division
