FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERF, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

Globalstar USA, LLC ('Globalstar') is applying for an extension of the Special Temporary Authority granted on July 13, 2005, to operate four earth station antennas from its proposed gateway location in Sebring, Florida, to communicate with the Globalstar LLC Mobile Satellite Service ('MSS') satellite constellation. The earth station antennas are necessary for Globalstar to meet increased customer demand that cannot adequately be met using the earth stations at Globalstar's existing U.S. gateways, which are already operating at full capacity and which are at too great a distance from the areas of increased customer demand to provide reliable service. Globalstar has filed four separate applications for special temporary authority on Form 312 -- one for each antenna at the proposed Sebring, Florida location. Globalstar requests that they be processed simultaneously.
