**Conditions for Grant of Hurricane-related STA request
September 23, 2005**

Petrocom's Sept. 23, 2005 request for special temporary authority (STA) IS GRANTED. Accordingly, Petrocom is authorized from September 23, 2005 to October 22, 2005 to use a Prodelin 2.4 meter antenna to communicate with the AMC-9 (85° W.L.) using the 3700-4200 and 5925-6425 MHz bands to restore its digital backhaul operations under Call Sign E030092 which was previously located at its East Timbalier Island to a new site located at geographic coordinates of 29° 6' 9" N. Lat, 90° 11' 25" W. Long. This authorization is on an unprotected non-interference basis in accordance with the terms, conditions, and technical specifications set forth in the Commission's rules and this document.

1. Petrocom shall coordinate all of its operations so that no harmful interference shall be caused to any other lawfully operating satellites or radiocommunication system. Petrocom shall cease operations immediately upon notification of such interference and inform the Commission in writing immediately of such an event.
2. Petrocom is required to accept interference from other lawfully operating satellites or radiocommunication systems.
3. Any action taken or expense incurred as a result of operations pursuant to this special authority is solely at Petrocom's own risk.
4. This grant is limited to the authorization of an antenna structure that is exempt, pursuant to Section 17.14 of the Commission's rules, from the Federal Aviation Administration (FAA) notification requirements. 47 C.F.R. § 17.14. Petrocom is instructed to review the rules concerning FAA notification criteria. See 47 C.F.R. Part 17, Subpart B.
5. Petrocom shall provide the Commission with a complete frequency coordination and interference report within 30 calendar days of this grant.

This STA may be terminated at the International Bureau's discretion, without a hearing, if conditions warrant. Under no circumstances may the facility(ies) authorized violate the terms of an international agreement or treaty. If an application for permanent authority is on file with the Commission, this action is taken without prejudice to that application. The applicant is required to post and/or retain a copy of this authorization as required by the Commission's Rules.

This grant is issued in accordance with emergency procedures put in place to provide communications in areas affected by Hurricane Katrina. See The International Bureau Announces Procedures to Provide Emergency Communications in Areas Impacted by Hurricane Katrina, Public Notice (rel. Sept. 1, 2005). To ensure that the Commission has a complete record of the request and action taken, Petrocom is directed to file an electronic version of its STA request submitted through IBFS as soon as possible.

This grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.
