FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

This is an application to extend the special temporary authority granted in SES-STA-20060106-00010 (originally granted in SES-STA-20050701-00862, extended by SES-STA-20050805-01045, SES-STA-20050826-01179, SES-STA-20051005-01370, SES-STA-20051102-01501, and SES-STA-20051206-01689) for an additional 30 days. This will allow E020306 to continue to operate in conjunction with EchoStar 4 at 77 W.L. EchoStar has recounted the public interest benefits of operating EchoStar 4 at 77 W.L. in File Nos. SAT-STA-20050321-00068, SES-MFS-20050527-00662, and SES-LFS-20050701-00852. These applications seek Commission approval to move EchoStar 4 to 77 W.L. where it would operate as a Mexican licensed satellite and blanket earth station authority to allow EchoStar 4 at 77 W.L. to provide service into the U.S. These applications are currently pending before the Commission.

Condition:

EchoStar Satellite Operating Corporation

SES-STA-20060203-00201

E020306

During operation of this earth station in connection with the EchoStar 4 satellite's drift to and operation at the 77° W.L. orbital location, EchoStar LLC's operations shall be on non-harmful interference basis, i.e., EchoStar LLC shall not cause interference to, and shall not claim protection from interference caused to it by, any other lawfully operating satellites.
