Subject: RE: Response to January 18 Letter

In response to your status inquiries concerning the STA applications to cover a drift from 81 W.L. to 104.95 W.L., the Bureau does not intend to authorize any operations beyond those authorized on November 28. Thus, SES may proceed to 104.95 W.L. pursuant to the November 28 STA. To the extent that there are or have been deviations from the scope of that authority, these matters will be addressed through the FCC enforcement process and any other appropriate measures.

Subject: Response to January 18 Letter

Importance: High

Dear Mr. Nelson,

We are attaching on behalf of SES Americom a response to the letter requesting information you sent yesterday to Jim Barker. Please let us know if you have any further questions.

Thank you,

Karis Hastings
