**Re: Steamboat Ski & Resort Corporation (FRN 0004-2539-93)**  
**FCC File Number: SES-STA-20070116-00115**  
***Erratum to Request for STA***

Dear Ms. Dortch:

Steamboat Ski & Resort Corporation, (“Steamboat”), by undersigned counsel, submits this *Erratum* to its Request for Special Temporary Authority (“STA Request”) (FCC File No. SES-STA-20070116-00115), which was granted on January 17, 2007. Steamboat submits corrected coordinates for the site initially specified in the STA Request.

The STA Request sought authority to operate a fixed Ku-Band Transmit/Receive Earth Station with technical parameters set forth in earth-station license E960019, which Licensee unintentionally allowed to lapse as of January 2006. Since the STA Request was submitted, Steamboat’s engineering consultant has prepared technical portions of an FCC Form 312-EZ and has concluded that authorization E960019 specified incorrect site coordinates. The new license application contains corrected coordinates. Accordingly, Steamboat respectfully requests correction of the STA to reflect the revised coordinates: **Lat: 40-27-19, Lon: 106-48-27.6.**

Please contact the undersigned counsel if you have any questions.

Respectfully submitted,

Jonathan E. Allen
