HBO Latin America Productions, L.C.
Application for Special Temporary Authority

JUSTIFICATION FOR SPECIAL TEMPORARY AUTHORITY

HBO Latin America Productions, L.C. ("HBO LAPS") hereby requests that the Federal Communications Commission ("FCC") grant it special temporary authority ("STA"), for a period of thirty (30) days, beginning on May 27, 2007, to operate a fourth transmit/receive earth station antenna at its uplink facilities in Sunrise, Florida for its existing earth station authorization E980301. The FCC has previously granted a similar request for this earth station.^{1/}

HBO LAPS has filed a modification application to add the fourth earth station antenna to its existing authorization.^{2/} The modification application has been placed on Public Notice.^{3/} The modification application contains the FCC Form 312, its frequency coordination and radiation hazard study. While HBO LAPS anticipates grant of the application in due time, it requests STA for prior use of fourth antenna under the terms of its application. This prior use will allow HBO LAPS to test the antenna and determine how to manage its capacity among its four antennas in an efficient and expedited manner. Delay in granting this STA would prejudice the public interest by not permitting HBO LAPS to maximize the efficiency of its spectrum capacity.

Accordingly, the FCC is requested to issue STA to HBO LAPS, effective May 27, 2007, for a period of thirty (30) days. If there are any questions regarding this STA request, the FCC is asked to contact communications counsel for HBO LAPS, Christopher Bjornson of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., 202-434-7477.
