MOTION TO DESIGNATE PROCEEDINGS AS "PERMIT-BUT-DISCLOSE"

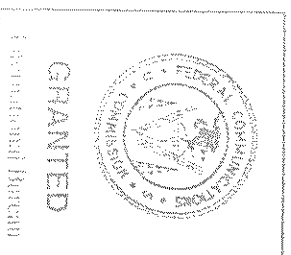

By its attorney, and pursuant to Section 1.45 of the Commission's rules, 47 C.F.R. § 1.45, Thrane & Thrane Airtime Ltd. ("T&T Airtime") hereby requests that the Commission designate the above-captioned proceeding as "permit-but-disclose" under the Commission's rules governing ex parte communications.¹

The *ex parte* rules provide that "[w]here the public interest so requires in a particular proceeding, the Commission and its staff retain the discretion to modify the applicable ex parte rules by order, letter or public notice."² A change in the status to permit-but-disclose in this proceeding clearly is warranted in light of the issues raised, and in order to harmonize the status of these proceedings with that of numerous pending proceedings that also involve applications to provide Inmarsat services, and which the Commission already has designated permit-but-disclose.

Virtually all pending applications seeking authority to provide Inmarsat services have been opposed by Mobile Satellite Ventures Subsidiary LLC. The Commission routinely has granted permit-but-disclose status in considering similar applications to provide Inmarsat services, finding the change in ex parte status "will facilitate resolution of the complex policy

issues raised in the application."³ As in the other currently pending proceedings to provide Innarsat services, permit-but-disclose status in the above-captioned proceeding would service the public interest by facilitating discussion with Commission staff to address the issues raised in these proceedings.

WHEREFORE, Thrane & Thrane Airtime respectfully urges the Commission to designate the ex parte status of this proceeding as "permit-but-disclose."

Respectfully submitted,
