COMMENTS OF MOBILE SATELLITE VENTURES SUBSIDIARY LLC

Mobile Satellite Ventures Subsidiary LLC (“MSV”) hereby files these Comments on the above-referenced applications filed by SkyWave Mobile Communications, Inc. (“SkyWave”), Stratos Communications, Inc. (“Stratos”), and Vizada Satellite, Inc. (“Vizada”) for another 60-day renewal of existing grants of Special Temporary Authority (“STA”) to operate earlier-generation mobile earth terminals (“METs”) using the uncoordinated Inmarsat 4F2 satellite at 52.75° W.L. For the reasons discussed in the Comments filed on January 3, 2007 in response to a request for a new STA to operate earlier-generation METs with the uncoordinated Inmarsat

4F2 satellite,¹ MSV urges the Bureau to continue to apply the conditions imposed on the original STA grants for earlier-generation services as well as to (i) immediately require Inmarsat to return the loaned frequencies and (ii) establish a firm expiration date for these STAs without Inmarsat having completed coordination of the Inmarsat 4F2 satellite with the United States.

Respectfully submitted,

Bruce D. Jacobs
Tony Lin
Paul Cicelski
