Subject: RE: STA Application (SES-STA-20080529-00685) in Question?

Eleanor,

We do still desire the STA, and only require a grant for a 30 day period. No long term license is required. The purpose of this STA is for a demonstration of VSAT capability to a potential Satellite system customer.

Sincerely,
Ron Center

Subject: STA Application (SES-STA-20080529-00685) in Question?

Hello Mr. Center,

I was calling in regards to your STA Application above filed on May 29, 2008, for The Boeing Company new VSAT License. Did you file for your underline application as of yet and do you plan to, also do you still need the STA filed above. Please respond to this e-mail inquiry.

Thanks
Eleanor M. Lott
