REQUEST FOR SPECIAL TEMPORARY AUTHORITY

On May 30, 2008, Fuji Television Network, Inc. ("Fuji") filed an application to extend its previously-granted Special Temporary Authority ("STA"), in accordance with Section 25.120 of the Commission's rules, to July 8 2008.¹ Fuji herein files a further extension request to continue to operate a Ku-band flyaway facility on the island of Saipan in the Northern Mariana Islands. The instant STA request covers the 30-day period through and including August 8, 2008.

The technical operation of Fuji's flyaway station during the extension period will be in accordance with the parameters Fuji submitted with its initial STA request.

As discussed in Fuji's original request, Fuji needs to operate its flyaway station in connection with coverage of a news event that is of widespread interest in Japan. Grant of the extension requested herein will enable Fuji to continue its news coverage as events unfold. Accordingly, an extension is in the public interest.
