Deere & Company
Conditions to Grant
IBFS File No. SES-STA-20081114-01488

Deere & Company (Deere) is granted Special Temporary Authority (STA) for a period of 60 days, from November 21, 2008, to January 19, 2009, to use the E010011 earth station license to communicate with the Innarsat-2F1 satellite at 142° W.L. in its previously authorized L-band frequencies in accordance with its STA request, the Commission's rules, and the conditions set forth below.

1. All operations shall be on an unprotected and non-harmful interference basis; *i.e.*, Deere shall not cause harmful interference to, and shall not claim protection from, any other lawfully operating station. In the event of any harmful interference as a result of Deere's operations, Deere shall cease operations immediately upon notification of such interference, and shall inform the Federal Communications Commission (FCC), in writing, immediately of such an event.
2. With the exception of authority to communicate with the Innarsat-2F1 satellite at 142° W.L., all technical parameters of the E010011 earth station shall remain as currently licensed.
3. Within 20 days of this grant of STA, Deere shall file with the Commission the applicable items of information listed in Sections 25.114(c) and (d) of the Commission's rules, 47 C.F.R. §§ 25.114(c) and (d), for the Innarsat-2F1 satellite. If Deere does not file this requested information within 20 days of this grant, this authorization will not be one relating to an "activity of a continuing nature" for purposes of Section 1.62 of the Commission's rules and Section 558(c) of the Administrative Procedure Act, and continuation of operations beyond the term of this authorization will require prior affirmative authorization by the FCC.
4. Deere is granted 30 days from the date of the release of this authorization to decline the authorization as conditioned. Failure to respond within that period will constitute formal acceptance of the authorization as conditioned.
5. This action is taken on delegated authority pursuant to 47 C.F.R. § 0.261 and is effective upon release. Petitions for reconsideration under 47 C.F.R. § 1.106 or applications for review under 47 C.F.R. § 1.115 may be filed within 30 days of the date of the Public Notice announcing this action.
