Re: File No. SES-STA-20081212-01597

Dear Ms. Dortch:

Horizon Mobile Communications, Inc. (“Horizon”), by its undersigned attorney, hereby supplements its above-referenced pending request for extension of Special Temporary Authority (“STA”)<sup>1</sup> to provide Broadband Global Area Network services using mobile earth terminals operating in the L-band in conjunction with the Inmarsat 4-F2 satellite, located at the 52.75° W.L. orbital location, to include Inmarsat’s 4F-3 satellite, located at 97.65° W.L., which Horizon understands will become operational January 7, 2009, and replace the 4-F2 satellite.

Please contact me should there be any questions regarding this request.

Respectfully submitted,

E. Ashton Johnston
