FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

Vizada, Inc.
Request for Special Temporary Authority
Exhibit 1

Vizada, Inc. (“Vizada”) requests special temporary authority to allow its Santa Paula, CA earth stations with call sign KB34 to continue communicating with the Inmarsat 2F1 satellite located at 142° W.L. This filing requests a renewal of the authority granted most recently in SES–STA–20090310-00282.

Vizada currently has an earth station application pending (Call Sign KB34, File No. SES-MFS-20081029-01425) to add the Inmarsat 2F1 satellite at the 142° W.L. orbital location as an authorized Point of Communication. Vizada agrees to continue to operate subject to the terms and conditions contained in the November 13 grant of special temporary authority (File No. SES–STA–20081029–01427).

Neither this STA nor the above-referenced earth station application is seeking any change in the technical parameters of any of the antennas or related equipment covered by the KB34 license. Rather, this STA only seeks authority for the 10.4 M and 12.8 M C-band antennas to communicate with the Inmarsat 2F1 satellite, where existing lease services are supported.

This STA is needed in order to ensure the continuity of lease services for Vizada’s existing customers receiving service via the 2F1 satellite.

Grant of this STA will serve the public interest by ensuring that there is no interruption in service for Vizada’s existing lease service customers. We believe that the present circumstances satisfy the substantive public interest standards for an STA as set forth in Section 25.120 (b)(1) of the Commission’s Rules.

Vizada respectfully requests that the Commission grant this STA for 60 days, beginning May 13, 2009.
