**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

Description of STA Request

Emerging Markets Communications, Inc. ("EMC") requests special temporary authority (an "STA") to change the remote control point for each of the following earth stations located in Kapolei, Hawaii:

<u>Call Sign</u>	<u>Description</u>	<u>Points of Communication</u>
E000127	9.1-meter Andrew ESA91-46 C-band and extended C-band	JCSAT-3, MABUHAY, ALSAT
E000128	4.5-meter Andrew ESA45T-1 C-band	JCSAT-3, ALSAT
E980156	11-meter Vertex 11KPC Ku-band and extended Ku-band	ORION-3, ANIK E1, ANIK E2, ALSAT
E980250	13-meter 13KPC C-band and extended C-band	Telstar 18, MABUHAY

These earth stations licenses are currently held by Telesat Network Services, Inc. ("Telesat"). However, concurrent with the submission of this STA request, Telesat and EMC are submitting an application that requests authority to assign these earth station licenses, including any pending applications, from Telesat to EMC in connection with Telesat's proposed sale of the earth stations to EMC ("Assignment Application"). Telesat and EMC are entering into an asset purchase agreement whereby EMC will purchase five (5) earth station facilities from Telesat.<sup>1</sup> Consummation of the sale will be subject to receipt of all required regulatory approvals.

In support of this STA request, EMC provides an FCC Form 312 Schedule B for each earth station license, showing the new remote control point. All other Schedule B information remains as it appears on the existing license. EMC asks that the STA be granted concurrent with the Assignment Application, effective for a 60-day period commencing with consummation of the sale of the earth stations. EMC will notify the Commission of the consummation of the sale and the start of the STA period within three (3) days after the consummation takes place. Once the earth station licenses have been assigned to EMC, EMC will file appropriate applications for permanent authority to modify the remote control points.

Grant of this Application will serve the public interest. Telesat has advised EMC that it will not provide remote control services for the earth stations once they have been sold to EMC,

<sup>1</sup> The parties are requesting authority to assign the licenses for the other earth station by separate application being submitted concurrent with the submission of this STA request.

and EMC does not have personnel in Hawaii who can control the stations on site. Furthermore, it is more cost effective and efficient for EMC to control the stations from its existing remote control point. EMC acknowledges that any grant of this STA request is without prejudice to the Commission's final action on any application to modify the earth station licenses to change the remote control point.

## VERIFICATION

I, Virginia Christin, am International and Regulatory Affairs Manager for Emerging Markets Communications, Inc. ("EMC"). I am authorized to represent EMC and to make this verification on its behalf. The statements in the foregoing document relating to EMC are true and correct to the best of my knowledge and belief.

I declare under penalty of perjury that the foregoing is true and correct.
