FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

Intelsat North America LLC herein requests a grant of Special Temporary Authority for 60 days, from 07/15/2009 through 09/12/2009, to utilize its new Ellenwood, Georgia Ku-band earth station prior to grant of permanent operating authority. The antenna will communicate in the frequency bands 109500-12200 MHz and 13750-14500 MHz. Intelsat has a pending application for authority to use this antenna to transmit in these frequencies on a permanent basis.

Re: Request for Special Temporary Authority
Ellenwood, Georgia Ku-band Earth Station E090093

Dear Ms. Dortch:

Intelsat North America LLC ("Intelsat") herein requests a grant of Special Temporary Authority ("STA")¹ for 60 days, from July 15, 2009 through September 12, 2009, to utilize its new Ellenwood, Georgia Ku-band earth station prior to grant of permanent operating authority. The antenna will communicate in the frequency bands 10950-12200 MHz and 13750-14500 MHz. Intelsat has a pending application for authority to use this antenna to transmit in these frequencies on a permanent basis.²

Intelsat plans to use this antenna in support of satellite transition operations currently scheduled to begin in mid-July.³ Specifically, this antenna will be used to provide TT&C services to the Intelsat 1R satellite at 45° W.L.

In support of this request, Intelsat incorporates by reference its pending application for authority to use this antenna to transmit in these frequencies on a permanent basis.⁴ The application contains detailed technical information (in Exhibits A-D) that demonstrates that the operation of the earth station will be compatible with its electromagnetic environment and will not cause harmful interference into any lawfully operating facility. In the extremely unlikely event that harmful interference should occur, Intelsat will take all reasonable steps to eliminate the interference.

¹ Intelsat has filed this STA request, an FCC Form 159, a \$175.00 filing fee and this supporting letter electronically via the International Bureau's Filing System ("IBFS").

² See *Intelsat North America LLC Application for New 9m Earth Station Antenna at Ellenwood, Georgia*, File No. SES-LIC-20090529-00665 (filed May 29, 2009).

³ The schedule assumes completion of the antenna verification testing that is the subject of a separate STA request. See *Intelsat North America LLC Request for Special Temporary Authority*, File No. SAT-STA-20090609-00705 (filed June 9, 2009).

⁴ See File No. SES-LIC-20090529-00665 (filed May 29, 2009).

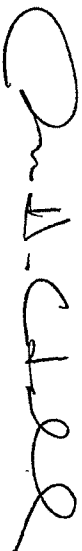

Ms. Marlene H. Dortch
June 10, 2009
Page 2

Grant of this STA request will enable Intelsat to begin satellite transition operations in accordance with the schedule that has been communicated to customers, thereby serving the public interest. Intelsat respectfully requests expeditious treatment of this request.

Please direct any questions regarding this STA request to the undersigned at (202) 944-7848.

Respectfully submitted,

Susan H. Crandall
Assistant General Counsel
Intelsat Corporation

E090093

Conditions:

- 1) The applicant must provide the Naval Electromagnetic spectrum center (703-325-2750) a 24HR phone number which would be contacted when National Defense and US Naval operation requirements necessitate immediate cessation of operations.
- 2) The applicant is aware that they would be required to temporarily cease satellite operations on these frequencies until notified otherwise.
