Re: KVVH Industries, Inc. Request for a Further Special Temporary Authority To Operate ESV
Network Call Sign 060335 Pending Action on Amended ESV Application

Dear Ms Medley:

KVVH Industries, Inc. (“KVVH”), pursuant to Section 25.120(b)(3) of the Commission’s Rules, 47 C.F.R. § 25.120(b)(3), hereby requests a new Special Temporary Authority (“STA”) to operate a network of up to 300 earth stations onboard vessels (“ESV’s”) via the AMC-21 satellite at 125° W.L. and a gateway earth station in Miami, Florida (Call Sign E040267), licensed to NewCom International, Inc. A further STA is sought for a period of 60 days, commencing July 27, 2009, pending action on the previously filed further amendment in license application proceeding File Nos. SES-LIC-20060824-01502, SES-AFS-20061130-02065, SES-AMD-20070723-00976, and SES-AFS-20090515-00589, to substitute KVVH as the applicant, make the AMC-21 satellite the sole point of communication, and make other minor adjustments to the ESV application.¹

The Commission has already granted a number of STAs to SES Americom, Inc. (“SES America”) to operate this particular ESV network (Call Sign 060335), pending grant of an underlying application for a regular ESV license. *See* File Nos. SES-STA-20070315-00355, SES-STA-20070529-00727, SES-STA-20070720-00972, SES-STA-20080110-00034, SES-STA-20080801-01009, SES-STA-20080911-001193, and SES-STA-20081022-01. Further, the Commission granted an STA to KVVH to operate the ESV network pending grant of the pending underlying license application. This STA, SES-STA-20090515-00594, expires on July 27, 2009.

KVVH’s operation of the ESV network under the requested STA will be consistent with the technical parameters in the underlying ESV application. In addition, all operations will be on the same terms and

¹ The information in the underlying ESV application proceeding is hereby incorporated by reference.

conditions as previous STAs granted to SES Americom and KVH to operate the network. Specifically, operations will be on an unprotected, non-harmful interference basis, and will be without prejudice to the Commission's consideration of the underlying ESV application (as further amended).

Grant of the requested STA will serve the public interest by ensuring continuity of service to existing ESV customers on the E060335 network, including U.S. government users. It will also ensure that affordable and reliable broadband communications will continue to be made available to a wide range of maritime customers, including federal, state and local government agencies, businesses and individuals. The Commission has previously found that grant of STAs to provide such services to be in the public interest, and it should reach the same conclusion with respect to KVH's instant request for an STA to provide the same services using the same network. KVH is fully qualified to hold an STA to operate this ESV network, as evidenced by the Commission's previous grant of the current STA under Call Sign E060335 and similar grants.

Please feel free to contact me with any questions you may have or if KVH can provide any additional information to facilitate action on its instant STA request.

Respectfully submitted,

SQUIRE, SANDERS & DEMPSEY L.L.P.

/s/ Carlos M. Nalda
