## FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

Re: Request for Special Temporary Authority

Pursuant to Section 25.120(a) of the Rules and Regulations (“Regulations”) of the Federal Communications Commission (“Commission”), Data Technology Solutions, LLC. (“DTS”) seeks Commission consideration for a Special Temporary Authority (“STA”) to operate an Earth Stations on Vessels (“ESV”) system while its application for permanent authority is under review by the Commission.

On August 7, 2009, DTS filed an application for new ESV authority (File No. SES-LIC-20090807-00971, callsign E090138). The proposed application would authorize DTS to operate ESVs on cargo ships, fishing vessels, and oil & gas marine craft. Crew members on these vessels are often at sea for prolonged periods and have limited communications with the outside world. The proposed authorization would permit crew personnel to access the internet, telephone, and email while at sea thus providing a much needed lifeline that would contribute to the crew member’s health, well-being, and safety.

According to Section 25.120(b)(3) of the Regulations, the Commission may grant temporary authority for a period not to exceed 60 days, if the STA request has not been placed on public notice, and the applicant plans to file a request for regular authority for the service. In the instant case, the STA request has not been placed on public notice, but DTS has already filed an application for regular authority. Therefore, DTS respectfully requests an STA for a period not to exceed 60 days.

According to Section 25.120 (b)(1) of the Commission's rules, "The Commission may grant a temporary authorization only upon a finding that there are extraordinary circumstances requiring temporary operations in the public interest and that delay in the institution of these temporary operations would seriously prejudice the public interest". For the reasons stated above, DTS believes that the provision of lifeline communications is an extraordinary circumstance and the granting of the STA is in the public interest.

In order to insure timely service, the requested date for prior use is August 19, 2009. In accordance to Section 25.120(a) of the Regulations, this STA is being filed at least 3 working days prior to the date of proposed operation.

Sincerely,

/s/ *Raul Magallanes*
