Request for Special Temporary Authority to Utilize  
13.75 – 14.0 GHz Frequencies and Emissions for the SBY30/VER 9 Meter Antenna to  
Communicate With the Telstar 11N Satellite

Call Sign WB36

FILE NOs. SES-MOD-20090720-00882, SES-AMD-20091006-01284 and  
SES-STA-20091204-01562

Vizada, Inc. (“Vizada”) requests a grant of special temporary authority (“STA”) to allow the continued utilization of 13.75 – 14.0 GHz frequencies and emissions for the Southbury, CT teleport SBY30/VER 9 meter antenna to communicate with the Telstar 11N Satellite. Grant of this STA is in the public interest because it will assure continuity of service for Vizada’s customers who now receive services via these Southbury Teleport transmissions. Vizada fully complies with the STA conditions (Attachment 2 to the STA Application) and will continue to do so.

Accordingly, Vizada respectfully requests that the Bureau grant this STA for a period of sixty days. Vizada agrees to continue to operate subject to the terms and conditions contained in the original STA grant. Any questions with respect to this matter may be directed to James G. Lovelace at (301)838-7909.
