These remote ESVs will be located on vessels traveling in U.S. and international waters. They will operate with hub antennas at Southbury that have already been licensed by the Commission and will be utilized to provide ESV service as previously authorized by the Commission.

Accordingly, Vizada respectfully requests that the Bureau grant this STA for a period of sixty days. Operation of the antennas will be in full compliance with the Commission’s ESV regulations set forth in part 25 of the Rules as well as all provisions of the call sign WB36 license.
