VIA IBFS

Marlene H. Dortch, Secretary
Federal Communications Commission
Washington, DC 20554

To: International Bureau, Satellite Division
Re: SES-STA-INTR2010-00531 (Call Sign E980136)

Dear Ms. Dortch:

At the request of the International Bureau, Vizada, Inc. submits the following clarification to the above-referenced STA filing.

By this filing, Vizada, Inc. notes that the amendment application filed February 10, 2010 (File No. SES-AMD-INTR2010-00530) has been amended to correct an error in Schedule B related to the Point of Communication satellite. The newly filed amendment (File No. SES-AMD-INTR2010-00543) now lists the 4F3 satellite at 97.65 degrees W.L., rather than the ISAT List, as the Point of Communication.

To the extent that the subject STA refers back to an amendment application, the reference application should be SES-AMD-INTR2010-00543, filed today.

All other information in the subject STA remains correct.

Please refer any questions regarding this clarification to the undersigned.

Respectfully submitted,

A handwritten signature in black ink that reads 'Robert W. Swanson'.

Robert W. Swanson
Associate Counsel
