Dear Sir and madame:

Vietnam International Network Association is an Limited Liability Corporation registered in the State of Oklahoma also known as VINA. VINA recently took over the operation of Vietnamese Public Radio and moved our uplink to a different location.

We are applying for license under our company name at this time. While waiting for our license we would appreciate you grant VINA a temporary license to continue our services. VINA is the only source of information for more than one hundred thousand Vietnamese residents living across the United State; Who have limited English ability.

Your favorable decision is greatly appreciated.

Respectfully submitted,

Marlene Maily Do,

CEO for VINA.
