

Attachment 1
Application for Earth Station
Special Temporary Authority Request

EXPEDITED ACTION REQUESTED

Family Broadcasting Group, Inc. (“FBG”) respectfully requests expedited special temporary authority (“STA”) to permit the immediate operation of a transmit/receive temporary fixed satellite earth station pursuant to Section 25.120(a) of the Commission’s rules. FBG requests that the STA be granted for a period of 60 days pursuant to Section 25.120(b)(3) of the Commission’s rules.

FBG filed an FCC Form 312 application on November 19, 2010 seeking authority to operate a transmit/receive temporary fixed satellite earth station (see File No. SES-LIC-INTR2010-03559). Specifically, that facility will be a news gathering vehicle with a satellite antenna permanently mounted to the truck, which will be used to provide coverage of remote news events, emergencies, sporting events, and other programming that will benefit the public interest for use by FBG’s television broadcast station KSBI-TV. Grant of the requested STA will permit FBG to operate the proposed facility as quickly as possible while the above-referenced application is being processed.
