Conditions of Grant of SES-STA-20110630-00780, E980081

The request of EchoStar Broadcasting Corporation (EchoStar) for extension of special temporary authority described in IBFS File No. SES-STA-20110630-00780, is granted. Accordingly, EchoStar is authorized a 30 day extension, from July 12, 2011 to August 11, 2011, to SES-STA-20110601-00649, to conduct telemetry, tracking, and telecommand operations with EchoStar 6 space station (Call Sign S2232) at 76.95° W.L. orbital location authorized under SAT-STA-20110401-00067. This authorization shall be in accordance with the technical specifications set forth in EchoStar's application SES-MFS-20110314-00290, SAT-STA-20110401-00067, the extension of SAT-STA-20110401-00067 if granted, the Commission's rules, and is subject to the following conditions:

- 1) All operations shall be on an unprotected and non-harmful interference basis, *i.e.* EchoStar shall not cause harmful interference to, and shall not claim protection from interference caused to it by, any other lawfully operating radiocommunication station.
- 2) In the event that any harmful interference is caused as a result of operations of the EchoStar 6 satellite, EchoStar shall cease operations immediately upon notification of such an event, and shall inform the Commission immediately, in writing, of the event.
- 3) Any action taken or expense incurred as a result of operations pursuant to this special temporary authority is solely at EchoStar's own risk.
- 4) This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.
- 5) If extension of SAT-STA-20110401-00067 is not granted this authorization ends upon the date that SAT-STA-20110401-00067 expires.

APPLICATION FOR RENEWAL OF SPECIAL TEMPORARY AUTHORITY

By this Application,¹ and pursuant to Section 25.120(a)(3),² EchoStar Broadcasting Corporation (“EBC”) requests renewal of its special temporary authority (“STA”) to operate three earth stations with the EchoStar 6 satellite at 76.95° W.L. as follows: (1) to operate two transmit/receive earth stations (Call Signs E070273 and E980081) to provide only telemetry, tracking, and control (“TT&C”); and (2) to operate one transmit/receive earth station (Call Sign

¹ On May 26, 2011, the Commission granted EBC’s parent company, EchoStar Corporation (“EchoStar”), consent to assign the earth stations that are the subject of this request and all associated authorizations to EBC on a *pro forma* basis. See Stamp Grant, File No. SES-ASG-20110228-00554 (granted May 26, 2011). On May 27, 2011, the Commission granted EBC’s sister company, EchoStar Satellite Operating Corporation, STA to operate EchoStar 6 at 76.95° W.L. for the remainder of the STA granted to EchoStar (“Satellite STA Application”). See Stamp Grant, File No. SAT-STA-20110525-00098 (granted May 27, 2011).

² 47 C.F.R. § 25.120(b)(3).

E050017) to provide both TT&C and feeder link communications. The current STAs for each of the earth stations expire on July 7, 2011,³ July 11, 2011,⁴ and July 11, 2011,⁵ respectively.

EchoStar 6 arrived at the 76.95° W.L. orbital location on February 13, 2011, and began providing service on February 14, 2011.⁶ The relocation was prompted by a single event upset (“SEU”) that temporarily affected the EchoStar 8 satellite.⁷ On March 14, 2011, EchoStar filed an application to transfer EchoStar 6 to QuetzSat, S. de R.L. de C.V. (“QuetzSat”), which will operate the satellite under Mexican authority from the 76.95° W.L. orbital location.⁸ EchoStar also filed an application (“Blanket Earth Station Application”) to modify its blanket earth station authorization to provide service from the Mexican-licensed EchoStar 6 satellite.⁹ This renewal

³ See Stampp Grant, File No. SES-STA-201110601-00648, Call Sign E070273 (granted June 7, 2011).

⁴ See Stampp Grant, File No. SES-STA-201110601-00649, Call Sign E980081 (granted June 7, 2011).

⁵ See Stampp Grant, File No. SES-STA-201110601-00650, Call Sign E050017 (granted June 7, 2011).

⁶ See Stampp Grant, File Nos. SAT-STA-201110207-00026 (granted Feb. 11, 2011); SAT-STA-201110225-00036 (granted Mar. 1, 2011); SAT-STA-20110401-00067 (granted Apr. 7, 2011); SAT-STA-20110608-00104 (granted June 14, 2011).

⁷ See Letter from Petra A. Vorwig, Counsel for EchoStar Corporation, to Marlene H. Dortch, Secretary, FCC, filed in File No. SAT-T/C-20090217-00026 (Feb. 1, 2011).

⁸ See File No. SAT-T/C-20110314-00054 (filed Mar. 14, 2011). That application was filed subject to the then-pending *pro forma* assignment of the satellite to EchoStar Satellite Operating Corporation. See Radio Station Authorization, File No. SAT-ASG-20110224-00033 (granted Apr. 21, 2011).

⁹ See File No. SES-MFS-20110314-00288 (filed Mar. 14, 2011) (“Blanket Earth Station Application”). See also File Nos. SES-MFS-20110314-00291, SES-MFS-20110314-00290, SES-MFS-20110314-00289 (modifying the above referenced earth station licenses). These applications were filed subject to the proposed *pro forma* assignment.

STA request is necessary to allow the continued operation of EchoStar 6 while these applications remain pending.¹⁰

I. BACKGROUND

The nominal 77° W.L. orbital location is allotted to Mexico under the Region 2 Broadcasting-Satellite Service plan set forth in Appendices 30 and 30A to the International Radio Regulations. In addition to the EchoStar 6 satellite, EchoStar currently operates three Direct Broadcast Satellites (“DBS”) at the nominal 77° W.L. orbital location under Mexican authority issued to its partner, QuetzSat: EchoStar 1, EchoStar 4, and EchoStar 8. The satellites are used by EchoStar’s customers, DISH Network L.L.C. (“DISH”) and DISH Mexico, to provide DBS service in the United States and Mexico, respectively. The U.S. service includes local-into-local programming in a number of markets in the southern United States.

EchoStar 6, operating with EchoStar 1 and EchoStar 8 at 77° W.L., provides sufficient capacity to avoid service disruptions from that slot in the event any of the satellites experience a problem. EchoStar 1, a satellite launched in December 1995, has limited capability (only up to 16 transponders), and EchoStar 4, having reached the end of its design life, has been retired from commercial service.

II. GRANT OF THIS APPLICATION IS IN THE PUBLIC INTEREST

This STA request is in the public interest for the reasons set forth in the Satellite STA Application and the Blanket Earth Station Application, which are incorporated herein by reference. Furthermore, grant of this application will ensure the continued safe operation of

¹⁰ The Mexican concessionaire for the 77° W.L. orbital location informed COFETEL of EchoStar 6’s relocation, and COFETEL “expressed no objection to placement of the Echo 6 satellite in the 77 W cluster.” See Letter from Ricardo Ríos Ferrer, Legal Representative, QuetzSat, S. de R.L. de C.V., to EchoStar Satellite Service LLC (Feb. 4, 2011), *filed in* File No. SAT-STA-20110207-00026, Attachment 2.

EchoStar 6 at the 76.95° W.L. orbital location. Grant of this application will not cause harmful interference because EBC will operate the earth stations to conduct TT&C operations and feeder link communications while EchoStar 6 is operating at 76.95° W.L. in accordance with the conditions imposed on the original grant held by EchoStar.¹¹

III. WAIVER PURSUANT TO SECTION 304 OF THE ACT

In accordance with Section 304 of the Communications Act of 1934, as amended, 47 U.S.C. § 304, EBC hereby waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise.

IV. CONCLUSION

For the foregoing reasons, EBC respectfully requests the grant of its application for renewal of its special temporary authority to operate two transmit/receive earth stations (Call Signs E070273 and E980081) to provide TT&C service, and to operate one transmit/receive earth station (Call Sign E050017) to provide both TT&C service and feeder link communications, for EchoStar 6 at 76.95° W.L.

¹¹ See Stamp Grant, File Nos. SES-STA-20110207-00120; SES-STA-20110207-00121; SES-STA-20110207-00122 (granted Feb. 10, 2011).

Respectfully submitted,
