**FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT**

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

Washington, D.C. 20554

Re: Request for Extension of Special Temporary Authority  
Fort Meade, Maryland Ku-band Earth Station E110095

Dear Ms. Dortch:

IntelSat License LLC (“IntelSat”) herein requests an additional 30 days, from September 1, 2011 through September 30, 2011, of the Special Temporary Authority (“STA”)<sup>1</sup> previously granted IntelSat to utilize its recently-licensed Fort Meade, Maryland Ku-band earth station E110095 with a minor change in the licensed parameters.<sup>2</sup> Specifically, as noted in the original STA request, this STA corrects the location of the antenna, which was incorrectly stated in the original license application.<sup>3</sup> The correct location is 39° 5' 27.7" and 76° 44' 37.6". The antenna will continue to receive in the 11.7-12.2 GHz frequency band and transmit in the 14-14.5 GHz frequency band, consistent with the permanent license.

IntelSat plans to continue using this antenna to support a U.S. Government customer’s service. Accordingly, grant is in the public interest as it would ensure service continuity to the U.S. Government customer.

As noted above, the proposed operations will be consistent with the antenna’s licensed parameters with the exception of the antenna’s location. Accordingly, the proposed operations will be compatible with the antenna’s electromagnetic environment and will not cause harmful interference into any lawfully operating

---

<sup>1</sup> IntelSat has filed this STA request, an FCC Form 159, a \$180.00 filing fee and this supporting letter electronically via the International Bureau’s Filing System (“IBFS”).

<sup>2</sup> See *Policy Branch Information: Actions Taken*, Report No. SES-01370, File No. SES-STA-20110728-00865 (Aug. 3, 2011) (Public Notice).

<sup>3</sup> Because the correct coordinates are more than 10 seconds from those listed in the license, IntelSat cannot simply operate and notify the Commission after the fact per Section 25.118(a) (1)(iv). See 47 C.F.R. § 25.118(a)(1)(iv). IntelSat has filed an application to modify the license on a permanent basis to correct the antenna’s location. See *Application of IntelSat License LLC to Modify E110095 License*, File No. SES-MOD-20110802-00927 (filed Aug. 2, 2011).

Ms. Marlene H. Dortch

facility. In the extremely unlikely event that harmful interference should occur, IntelSat will take all reasonable steps to eliminate the interference.

Please direct any questions regarding this STA extension request to the undersigned at (202) 944-7848.

Respectfully submitted,

Susan H. Crandall  
Assistant General Counsel  
IntelSat Corporation
