Re: Request for Special Temporary Authority
Paumalu, Hawaii C-band Earth Station KA265
Expedited Treatment Requested

Dear Ms. Dortch:

Intelsat License LLC ("Intelsat") herein requests a grant of Special Temporary Authority¹ for 60 days, from January 9, 2012 through March 8, 2012, to utilize its C-band earth station KA265 to transmit to the Intelsat 701 satellite at 157.0° E.L. Intelsat intends shortly to file an application for authority to add this point of communication on a permanent basis.

Intelsat recently redeployed the Intelsat 701 satellite to 157.0° E.L.² and now seeks to utilize its C-band earth station – call sign KA265 – to transmit to the satellite in the bands 3700-4200 MHz, and 5925-6425 MHz. The proposed operations are within the coordinated parameters of the earth station's license. In the extremely unlikely event that harmful interference should occur, Intelsat will take all reasonable steps to eliminate the interference.

Grant of this STA request will enable Intelsat to provide C-band capacity on Intelsat 701 at 157.0° E.L. as quickly as possible. This serves the public interest by allowing Intelsat to meet customer demand at that location.

¹ Intelsat has filed this STA request, an FCC Form 159, a \$180.00 filing fee and this supporting letter electronically via the International Bureau's Filing System ("IBFS").

² See *Intelsat License LLC Application for Special Temporary Authority to Stop Drift and Operate Intelsat 701*, Call Sign S2400, File No. SAT-STA-20111213-00238 (stamp grant issued by Stephen J. Duall on Dec. 20, 2011).

Ms. Marlene H. Dortch
December 30, 2011

For the reasons set forth herein, Intelsat respectfully requests that the Commission grant this request. Please direct any questions regarding this STA request to the undersigned at (202) 944-7848.

Respectfully submitted,

/s/ Susan H. Crandall

Susan H. Crandall
Assistant General Counsel
