Conditions:

Applicant: Emerging Markets Communications LLC

File Number: SES-STA-20120312-00255

Call Sign: None

Emerging Markets Communications LLC is granted, under the following conditions, Special Temporary Authority for 3 days, from 03/12/2012 through 03/15/2012, to operate a conventional C-band transmit only earth station with a Prodelin, model 1251, 2.4 m antenna as described in SES-STA-20120312-00255 at a maximum EIRP density of 23.80 dBW/4kHz. Based on the following conditions:

1. Operations under this authority are on a non-interference basis only.
2. Emerging Markets Communications LLC and its satellite provider(s) must coordinate this authorized network with adjacent satellite operators, both domestic and international, to eliminate the possibility of adjacent satellite radio interference.
3. In the event that there is a report of interference, Emerging Markets Communications LLC must immediately terminate transmissions and notify the FCC in writing.
4. The licensee shall take extraordinary measures to ensure that the antenna does not create the potential for exposure of persons who may be within the immediate vicinity to radiofrequency radiation in excess of FCC safety guideline to prevent human exposure in excess of the FCC-specified safety limit of 1 mW/cm2. Warning signs, such as those discussed in the FCC's OET Bulletin 65, shall be posted informing members of the public to keep outside the exposure area that exceeds limit.
5. 2916 --- Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector. Appropriate measures must also be taken to restrict access to other regions in which the earth station's power flux density levels exceed the specified guidelines.
6. 5216 --- All operations shall be on a non-common carrier basis.
7. This is granted without prejudice to any future FCC enforcement action in connection with any unauthorized operation of radio facilities.
8. This authorization is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.
