Re: Submission of *Ex Parte* Presentation; IBFS File Nos. SES-LIC-20120427-00404; SES-STA-20120815-00751, Call Sign E120075

Dear Ms. Dortch:

ViaSat, Inc. (“ViaSat”) files this *ex parte* submission to clarify the record in these proceedings. ViaSat recently has proposed that the Commission authorize the operation of its aeronautical mobile terminals under the FSS allocation that exists across all Ka band frequencies in which ViaSat proposes to operate (18.3-19.3 GHz, 19.7-20.2 GHz, 28.35-29.1 GHz, and 29.5-30.0 GHz).¹ As there is currently no designation for aeronautical mobile use of the Ka band in the Commission’s rules, ViaSat has sought a waiver of the Commission’s rules to allow the proposed operations.² Thus, ViaSat respectfully requests that the Commission grant authority for the proposed operations on a non-conforming, non-interference basis.

Please contact the undersigned if you have any questions regarding this submission.

Respectfully yours,

/s/

John P. Janka
Elizabeth R. Park
