WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND / OR IMPRISONMENT (U.S. Code, Title 18, Section 1001), AND/OR REVOCATION OF ANY STATION AUTHORIZATION (U.S. Code, Title 47, Section 312(a)(1)), AND/OR FORFEITURE (U.S. Code, Title 47, Section 503).	

**FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT**

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

## EXHIBIT

### Application of ORBCOMM License Corp. for Special Temporary Authorization

#### ORBCOMM St. Johns, AZ Gateway Earth Station FCC Call Sign E940537

Pursuant to Section 25.120(b)(3) of the Commission's Rules, ORBCOMM License Corp. ("ORBCOMM) respectfully requests a 60-day Special Temporary Authorization ("STA") for commencement of operation on October 2, 2012, of an additional 50 kHz uplink channel centered at 150.025 MHz, pending modification of the current FCC license for the ORBCOMM Gateway Earth Station located at St. Johns, AZ (FCC Call Sign E940537) (the "GES"). The parameters of operation for the additional STA uplink channel will be identical to the currently authorized uplink channel at 149.61 MHz. The STA will allow the GES to provide connectivity to the first new ORBCOMM Generation 2 ("OG2") satellite, currently scheduled for launch on October 7, 2012, during the deployment and testing of the spacecraft. A pending application to modify ORBCOMM's FCC space segment authorization (FCC Call Sign S2103) (the "Modification Application") includes a request to add the 150.025 MHz feeder uplink channel that is ripe for grant.<sup>1</sup> ORBCOMM intends to file an application to modify the regular earth station authorization for the GES once the request to add the feeder uplink channel in the Modification Application has been granted. Issuance of the requested STA will serve the public interest, convenience, and necessity by allowing use of the new feeder uplink during the early deployment and testing of ORBCOMM's first OG2 satellite.

---

<sup>1</sup> See, File No. SAT-MOD-20111021-00207, FCC Public Notice, Report No. SAT-00825, released December 2, 2011. No oppositions to the Modification Application were entered in the IBFS record or served on ORBCOMM. On August 9, 2012, ORBCOMM filed an amendment (the "Amendment") to the Modification Application. The Amendment made no change to the Modification Application request to add the new 150.025 MHz feeder uplink channel that had already appeared on Public Notice. See, File No. SAT-AMD-20120809-00125, FCC Public Notice, Report No. SAT-00893, released August 31, 2012.
