

The 19th of October 2012,

Mrs Marie DUPRIEZ
Chargée de production BFMTV
12, Rue d'Oradour sur Glane
75015 PARIS

Dear Mrs Dupriez,

This letter is to certify that BFM's Eversat 80cm antenna is fully registered with IntelSat and is allowed to uplink to IS-21 @302E Ku Mobility beam. Our analysis indicates that the link complies with IntelSat coordination obligations.

Sincerely,

A handwritten signature in black ink, appearing to read "Lahaye", written in a cursive style.
