Special Temporary Authority (STA)

Exxon Communications Company is granted an extension of STA to operate its earth station Call Sign E000001 on oil platform Hoover-Diana in the Gulf of Mexico region for a 30-day period from December 3, 2012 through January 2, 2013 under the following conditions:

1. Exxon Communications Company will provide Transmit/Receive in the 5925-6425 MHz frequencies as uplink and 3700-4200 MHz frequencies as downlink to access SATMEX 6 at orbital location 113 deg W.L.
2. Operations, shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference.
3. Grant of this STA is without prejudice to any determination that the Commission may make regarding pending application SES-MFS-20120904-00794.
4. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at Exxon Communications Company's risk.
5. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. §0.261, and is effective immediately.

PETITION FOR SPECIAL TEMPORARY AUTHORITY

The system for which we are requesting modification is an earth station on the oil platform Hoover-Diana located in the Gulf of Mexico

The purpose of this replacement system is to provide safe and effective communications for the personnel working on and around the platform, as well as on passing ships. Recently, the current equipment has been experiencing maintenance problems caused by inadequate filtering, and the number of interference incidents has greatly escalated.

There are no cellular or other alternate means of communications in this remote region 160 miles south of Galveston, TX in the Gulf of Mexico. Due to the critical need to ensure the safety of workers in this sensitive area, the replacement equipment is required in a timely manner.

We respectfully ask that this petition will be considered, and that we may receive the grant of temporary authority to operate the replacement system.
