12. Description

This is a new Ku-Band satellite truck to be used for remote broadcasts on KCWX(TV) in Fredericksburg, Texas. The station hopes to first use the truck to televise a college basketball game on January 31, 2013 between the University of Texas at San Antonio and the University of Denver. Prior to then, Corridor needs as much lead time as possible both to test the system and to train staff who have never operated this type of equipment before. Accordingly, we hereby request this Special Temporary Authority to be granted as soon as possible.
