12. Description

Applicant seeks STA authority to cover operations of E120236, a Transportable Ku−Band Video Uplink for transmitting news and event coverage, primarily in Indiana and the immediately surrounding states, while the underlying application is pending. Parent station WTHR is eager to test the equipment, so that it can promptly begin providing breaking news and weather event coverage to its viewers in the event that the need arises. As such, the grant of STA would be to the benefit of WTHR's local community.
