12. Description

SES Americom, Inc. requests special temporary authority for an additional 60 days beginning March 20, 2013, to continue to use earth station E970336 to communicate with the foreign-licensed QuetzSat-1 spacecraft at 77.05 deg. W.L. pending action on the related modification application, File No. SES-MFS-20121128-01044. The earth station will be used to perform tracking, telemetry and command functions. The Commission had previously granted STA for these operations in File No. SES-STA-20130109-00027, but due to an oversight, a request for extension of that STA was not filed in advance of its expiration date, March 19, 2013.
