Solo Satellite Communication
Special Temporary Authority (STA) Request
C-Band Earth Station – Indian Wells, CA

Solo Satellite Communications hereby requests a Special Temporary Authority (STA) to allow for temporary operation of a C-band earth station from Indian Wells, Ca. This C-Band earth station will be utilized to broadcast a tennis event from this location.

Solo Satellite Communications currently owns and operates a transportable earth station licensed under Call Sign E060002 - File Number SES-LIC-20060105-00008. The licensed 3.7m antenna will also be there, but needs to depart for the event in Miami prior to the completion of Indian wells. The STA for the second 3.7 m will allow the crossover between events to happen easily, with no compromise in services.

The antenna system to be used has the exact same antenna and equipment and the parameters will be within those on the E060002 license.

Solo Satellite Communications hereby requests this STA for operation for a time frame beginning on March 3, 2014 and ending on March 21, 2014.

Included with this filing are the following.

Radiation Hazard Study – Copy of License
Frequency Coordination Exhibit
Copy of the E060002 License

A copy of this STA request was sent to the FCC office in Columbia
