FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

EXPEDITED ACTION REQUESTED by August 7, 2014. SES Americom respectfully requested grant of a 30-day STA to begin on August 7, 2014, to operate KA272 with the AMC-7 satellite at 137W in the conventional C-band. KA272 is currently authorized to operate in these frequencies in the coordinated satellite arc 170W to 188W. SES Americom has submitted a Modification application to expand the coordinated arc of KA272 to 131W to 188W, and has completed terrestrial coordination for such an expansion (see Submission ID IB2014001580, filed Aug. 1, 2014). As a result, there is no risk of harmful interference. Expedited action by August 6, 2014, is requested to enable AMC-7 traffic to be transferred to the KA272 antenna so that needed repairs can be made to the regular antenna servicing AMC-7. This traffic transfer must be scheduled around AMC-7 stationkeeping maneuvers to ensure no disruption to customer or satellite operations. SES Americom respectfully requests grant by August 7 to enable this traffic transfer to occur without any such disruption. For these reasons, expedited grant of the requested STA would serve the public interest.
