Applicant: DG Consents Sub, Inc.  
File No.: SES-STA-20150804-00510  
Call Sign: E120040

**STA grant conditions:**

DG Consents Sub, Inc. is granted special temporary authority, extension with conditions, for a period of 60 days, from August 9, 2015 to October 7, 2015, to operate its Rock Springs, WY, fixed earth station (call sign E120040) to communicate with the GeoEye-1 (S2348) NGSO satellite in the 8025.00-8400.00 MHz frequency band.

- 1) Operations under this STA shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference.
- 2) Grant of this STA is without prejudice to any determination that the Commission may make regarding other pending applications or future STA requests.
- 3) Any action taken or expense incurred as a result of operations pursuant to this STA is solely at the applicant's risk.
- 4) This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. §0.261, and is effective immediately.

*60 days*                      *"Extension with conditions"*

	Approved: <u><i>[Signature]</i></u>

Description

DG Consents Sub, Inc. (“DG Consents”), pursuant to Section 25.120(b)(3) of the Commission’s rules, 47 C.F.R. § 25.120(b)(3), hereby requests a 60-day extension of its existing Special Temporary Authority (“STA”) to communicate with the GeoEye-1 space station (Call Sign S2348) using its earth station license operating under Call Sign E120040 in Rock Springs, Wyoming.<sup>1</sup> *See* File No. SES-STA-20150120-00014, as extended in File Nos. SES-STA-20150326-00180 and SES-STA-20150602-00316. The existing STA expires on August 8, 2015, and DG Consents requests an extension through October 7, 2015.<sup>2</sup>

With this request, DG Consents seeks to expand the scope of its existing STA. The initial request for STA sought authority to communicate with GeoEye-1 to perform essential testing and integration of services associated with DigitalGlobe’s Direct Access Program. DG Consents requests that this testing authority continue and, in addition, now seeks expanded STA to permit communications with GeoEye-1 for the purposes of receiving satellite telemetry, uploading tasking information and downlinking imaging data. The frequencies to be used for these additional tasks will be identical to those currently authorized under the existing STA, and DigitalGlobe agrees to continue to operate on a special temporary basis subject to the conditions included with the initial STA grant. Grant of this request will serve the public interest by allowing DigitalGlobe to conduct expanded operations using GeoEye-1, pending Commission action on the application to add GeoEye-1 as a new Point of Communication.

In summary, DG Consents respectfully requests that the Commission grant this request for extension of its Special Temporary Authority for a period of 60 days through October 7, 2015.

---

<sup>1</sup> DG Consents is a wholly owned subsidiary of DigitalGlobe, Inc. (“DigitalGlobe”).

<sup>2</sup> DG Consents has filed a request to add GeoEye-1 as a Point of Communication to the Wyoming earth station authorization, thereby making communications with the satellite a permanent component of the license. *See* File No. SES-MOD-20140717-00604, as amended by File No. SES-AMD-20140725-00620. That request was accepted for filing on August 6, 2014, *see* Public Notice, Report No. SES-01670, and remains pending before the Commission.
