Re: Harris CapRock Communications, Inc. – Clarification of Special Temporary Authorization (“STA”) Requests and Modification Applications

Dear Ms. Dortch:

Harris CapRock Communications, Inc. (“Harris CapRock”) is writing to clarify certain information in its recently granted requests for special temporary authorization (“STA”) and the associated pending modification applications, identified below.

The STA requests were developed to mirror Harris CapRock’s requests for long-term authority to add “Permitted List” as an authorized point of communication to the subject licenses. However, during the requested period of temporary operations, Harris CapRock will only communicate with Galaxy 28 (G28) at the 89° W.L. orbital location. Accordingly, Harris CapRock will not utilize full “Permitted List” authority during this period and the Commission may wish to condition the grant accordingly.

This clarification applies to the following STA requests and modification applications:

Call Sign	STA File No.	Modification File No.
E050332	SES-STA-20160112-00037	SES-MFS-20160112-00008
E050206	SES-STA-20160112-00036	SES-MFS-20160112-00005
E030159	SES-STA-20160112-00035	SES-MFS-20160112-00007
E080138	SES-STA-20160112-00034	SES-MFS-20160112-00006

Please do not hesitate to contact me with any questions regarding this matter.

Respectfully submitted,

Carlos M. Nalda
