Re: STA Request

The purpose of this letter is to request a Special Temporary Authority (STA) for a Prodelin model 1244 2.4m antenna. The license request for this antenna has been filed, submission ID IB2016000118.

This antenna would be used at the Bill Graham Civic Auditorium located at 99 Grove St, San Francisco, CA 94102 for the dates of February 5th, 2016 and February 6th, 2016 exclusively. Outside of this specific request, no other use is intended for this antenna prior to the FCC granting full license.

The service to be provided will be digital video using DVBS-2 modulation to a domestic satellite. All required clearances have been run for this venue and are attached to this application.

Please feel free to contact me at 800-872-7648 if any further information is required.

Best regards,
