- If Yes, complete and attach FCC Form 159. If No, indicate reason for fee exemption (see 47 C.F.R. Section 1.1114).
- Governmental Entity     Noncommercial educational licensee
- Other (please explain):

4b. Fee Classification    CGX – Fixed Satellite Transmit/Receive Earth Station

5. Type Request

- Use Prior to Grant                       Change Station Location                       Other

6. Requested Use Prior Date  
04/02/2016

**FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT**

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

**THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.**

## 12. Description

The applicant seeks an extension of its current special temporary authority ('STA') to continue using the Telstar 12 V, with conditions, as a new point of communication. The current STA was granted on January 29, 2016 and slated to expire on April 2, 2016. See FCC File No. SES-STA-20160226-00180. During the interim STA operations, there have not been any interference complaints. As the Commission is aware, the applicant has a pending modification, filed on FCC Form 312, seeking permanent authority to add Telstar 12 V, and all associated aspects of that operation, to the E970050 authorization. See FCC File No. SES-MOD-20151201-00882. The ALLSAT satellite Telstar 12, predecessor to Telstar 12 V, is slated to be decommissioned on Sunday, January 31, 2016. In December 2015, and at the time the applicant submitted its original E970050 modification application, the Telstar 12 decommissioning was slated for the first few weeks of February. However, the Telstar 12 operator very recently accelerated the decommissioning timeline to cease operations on Sunday, January 31, 2016. As such, the applicant has no other option but seek an STA in order to continue service to its viewing community. Accordingly, the applicant respectfully requests an STA to commence temporary operations to include communications with Telstar 12 V as soon as possible.
