Hi Towanda,

We filed the attached KA275 Thaicom 8 LEOP STA (file no. SES-STA-INTR2016-01023) request yesterday. I just realized we have a geographical error in the description box of the Form 312. It should be **Hagerstown, Maryland** instead of Castle Rock, Colorado. The STA request letter and everything else is correct. Is there a way this can be fixed on your end or will we have to re-file this application?

I apologize for the inconvenience.

Sincerely,
Derrick Johnson
