Subject: SES-STA-20160512-00430 - Eutelsat 117 West B (SATMEX-9) 30-Day LEOP STA

Paul & Trang:

Following up on our conversation yesterday concerning the above-referenced STA request, we request that you include in the authority granted to Lockheed Martin the ability to use the companion receive channels centered at 4198.20 MHz and 4199.80 MHz.

Please let me know if there are any additional questions.

Best regards,
David
