**Re: Gogo LLC Section 1.65 Letter**  
**File No. SES-STA-20160729-00699, Call Sign E120106**

Dear Ms. Dortch:

Gogo LLC ("Gogo"), by its attorney and pursuant to Section 1.65 of the Commission's rules, 47 C.F.R. § 1.65, hereby updates the above-referenced request for special temporary authority to allow up to 200 Earth Stations Aboard Aircraft terminals to communicate with the ASTRA 4A satellite (the "STA Request"). In the STA Request, Gogo indicated that ASTRA 4A was licensed by Luxembourg (STA Request, Narrative at 1), but Gogo has learned that the satellite is instead licensed by Sweden. Sweden, like Luxembourg, is a member of the World Trade Organization. Accordingly, under the Commission's *DISCO II* market access framework, there is a presumption that allowing U.S.-licensed earth stations to communicate with ASTRA 4A will serve the public interest.<sup>1</sup>

Please let me know if you have any questions regarding this matter.

Respectfully submitted,

*/s/ Karis A. Hastings*
