Request for STA

Pursuant to Section 25.120 of the FCC's Rules, the applicant, WFTV, Inc., requests Special Temporary Authority ("STA") to operate a fixed satellite at Orlando, Florida in the manner described in the attached license application.

The applicant filed a license application for a transmit/receive Ku-Band satellite earth station on September 21, 2016 (Submission ID IB2016002124, FCC File Number SES-LIC-20160921-00797) (the "Pending Application"). The application is currently pending. The applicant now requests STA to operate the earth station beginning on or before October 10, 2016, using the technical parameters provided in the Pending Application, and until the permanent license application is granted. The earth station will be used in connection with the broadcast operations of WFTV(TV), Orlando, Florida, and in particular, will be a backup facility for other earth stations licensed to the applicant for a Senate debate, scheduled for October 17, 2016. Operation of the earth station pursuant to STA by October 10, 2016 will give the applicant ample time to confirm all operating parameters are in working order prior to the debate. The public interest would be well served by grant of STA to allow for use of the new station until the permanent authorization is issued.

Attached is a copy of the Pending Application for permanent authority that provides the proposed technical facilities.
