Intelsat License LLC. (Intelsat) is granted special temporary authority for 30 days, beginning October 11, 2016, to operate its fixed earth station in Napa, California to provide communications services for the Intelsat 8 (S2460) satellite at 168.9 E.L. in the 14.0-14.5 GHz (Earth-to-space) frequency band on the following conditions:

1. In the event of any harmful interference as a result of operations under this grant of STA, Intelsat shall cease operations immediately upon notification of such interference and shall immediately inform the Commission, in writing, of such an event.
2. All operations shall be on an unprotected, non-interference basis to both government and non-government operations.
3. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at Intelsat's own risk.
4. Grant of this authorization is without prejudice to any determination that the Commission may make regarding any pending or future Intelsat applications.

This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. §0.261, and is effective immediately.

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

Intelsat License LLC herein requests an additional 30 day further extension of Special Temporary Authority previously granted Intelsat to use an 8.1 meter Ku-band antenna located at its Napa, California teleport to provide communications services for the Intelsat 8 satellite (S2460) at 168.9 E.L. while the construction of an antenna in Kumsan, South Korea is completed.

Re: Request for Further Extension of Special Temporary Authority to Operate an 8.1 meter Ku-band Antenna at IntelSat's Napa, California Teleport

Dear Ms. Dortch:

IntelSat License LLC ("IntelSat") herein requests an additional 30 day extension of Special Temporary Authority ("STA")¹ previously granted IntelSat to use an 8.1 meter Ku-band antenna located at its Napa, California teleport² to provide communications services for the IntelSat 8 satellite (S2460)³ at 168.9° E.L. while the construction of an antenna in Kumsan, South Korea is completed. Due to construction delays in South Korea, IntelSat expects to need to support IntelSat 8 with the 8.1 meter antenna through at least October 2016 in order to provide continuity of services to customers as the satellite continues to go into inclined orbit.

The proposed communication services will continue to be performed in the 14.0 – 14.5 GHz (Earth-to-space) band. IntelSat is seeking an extension of its authority to transmit only.

In support of this further extension request, IntelSat incorporates by reference Exhibits A and B submitted with its original STA⁴, which provides relevant technical parameters and a radiation hazard report.

¹ IntelSat has filed its STA request, an FCC Form 159, a \$200.00 filing fee, and this supporting letter electronically via the International Bureau's Filing System ("IBFS").

Page 2

Intelsat will continue to take all practical steps to protect radio astronomy services and will continue to operate on a non-protected, non-interference basis. In the extremely unlikely event that harmful interference should occur, Intelsat will take all reasonable steps to eliminate the interference.

Grant of this STA further extension request services the public interest by enabling Intelsat to continue providing continuity of service to customers at the nominal 168.9° E.L. location. Please direct any questions regarding this STA request to the undersigned at (703) 559-6949.

Respectfully submitted,

A handwritten signature in black ink, reading "Cynthia J. Grady". The signature is written in a cursive style with a long, sweeping tail on the "y".
