Applicant: ISAT US Inc.
Call Sign: No Call Sign
File No.: SES-STA-20161216-00960

ISAT US Inc. ("ISAT US") is granted special temporary authority (STA) for 30 days commencing on January 9, 2017 to operate a, 1.8 meter Ka-band Series General Dynamics model 3180 antenna, fixed earth station at the Inmarsat Palm Bay facility in Florida (28.04° N.L./80.59° W.L.) with the Inmarsat I5 F2 satellite at the 55 °W.L. orbital location in the 29375-29475 MHz (Earth-to-space) and 19575-19675 MHz (space-to-Earth) frequency bands under the following conditions:

1. Operations will not exceed the operational power levels specified in the STA request.
2. This STA does not constitute permanent Market Access in the 29375-29500 MHz (Earth-to-space) frequencies and 19575-19700 MHz (space-to-Earth) frequencies.
3. Operations, shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference and notify the FCC in writing.
4. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at ISAT US's risk.
5. Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector.
6. The licensee shall take all necessary measures to ensure that the antenna does not create potential exposure of humans to radiofrequency radiation in excess of the FCC exposure limits defined in 47 CFR 1.1307(b) and 1.1310 wherever such exposures might occur. Measures must be taken to ensure compliance with limits for both occupational/controlled exposure and for general population/uncontrolled exposure, as defined in these rule sections. The FCC's OET Bulletin 65 (available on-line at www.fcc.gov/oet/rfsafety) provides information on predicting exposure levels and on methods for ensuring compliance, including the use of warning and alerting signs and protective equipment for workers.
7. Grant of this authorization is without prejudice to any determination that the Commission may make regarding pending or future ISAT US's applications.
8. 24/7 point of contact during the period of STA operation: Inmarsat Network Control +44 207 728 1616.
9. ISAT US requests a waiver of the U.S. Table of Frequency Allocations, as necessary, to allow the proposed FSS STA operations in the 19.575-19.675 GHz frequency band. Grant of a waiver serves the public interest because it will allow demonstration of a new waveform through the I5F2 satellite that will facilitate further deployment of satellite broadband to end users. In addition, grant of the waiver will not undermine the policy objective of the frequency allocation

rules because primary operators in these bands under the U.S. Table of Allocations will be protected and the operation authorized here is limited to the Inmarsat facility in Palm Bay, Florida.

This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.

WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND / OR IMPRISONMENT (U.S. Code, Title 18, Section 1001), AND/OR REVOCATION OF ANY STATION AUTHORIZATION (U.S. Code, Title 47, Section 312(a)(1)), AND/OR FORFEITURE (U.S. Code, Title 47, Section 503).	

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.
