Subject: RE: RR Media STA Applications

Hi Paul,

For now I can include them on this thread, we can revise the application if necessary.

HS7 C,G, H (3X C-band):
41° 27' 51" N, 75° 7' 50.0" W
Elevation 252.9 meters

HS17 C (1X Ku-band):
41° 27' 51" N, 75° 7' 50.0" W
Elevation 252.9 meters

Thank you,

Scott Laird
Hawley Teleport

Hi Paul and Anthony

These antennas have not been previously authorized and the coordinates provided are for the teleport site. If you would like the coordinates for each antenna, my colleague Scott, who is included on this email, can provide them.

Thank you.
Petra

Petra: It looks like you want us to grant the applications as soon as possible . Can you provide the old call signs for each antenna or confirm that the lat and long provided for the antennas are the locations for them specifically or for the Hawley antenna farm site in general?

Anthony: Once Petra responds, I have no problem granting these with the condition, "...without prejudice to enforcement action"

Subject: RR Media STA Applications

Hi Paul,

I hope you had a nice holiday. Please find attached copies of the STA applications we filed for RR Media today. As I mentioned last week, one application covers a Ku-band antenna and the second covers three C-band antennas. We expect to file the full applications for all of these antennas early next week.

Please let me know if you have any questions and have a happy new year.

Best regards.
