Call Sign: E4132
Special Temporary Authority

Intelsat License LLC is granted a special temporary authority, under the following conditions, for 30 days, beginning May 1, 2017, to operate its fixed earth stations in Fillmore, California (E4132), to perform de-orbit maneuvers for the Intelsat 701 (S2400) satellite at 29.5° W.L., using the following frequencies: 6173.70 MHz and 6176.30 MHz (LHCP) (Earth-to-space); and 3947.50 MHz, 3948.00 MHz, 3952.00 MHz and 3952.50.00 MHz (RHCP) (space-to-Earth). Intelsat 701 is expected to begin de-orbiting on May 1, 2017 and the de-orbit is expected to last approximately 30 days.

1. Operations shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference.
2. Operations must be coordinated with all operators of satellites that use the same frequency bands and are in the de-orbit path. All operators of satellites in that path will be provided with an emergency phone number where the licensee can be reached in the event that harmful interference occurs. The 24x7 contact information for the mission is as follows: Ph.: (703) 559-7701 - East Coast Operations Center (primary); (310) 525-5591 - West Coast Operations Center (back-up). Request to speak with Harry Burnham or Kevin Bell
3. Grant of this authorization is without prejudice to any determination that the Commission may make regarding pending or future Intelsat License LLC applications.
4. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at Intelsat License LLC's risk.
5. Intelsat must dispose of Intelsat 701 in accordance with the conditions of grant of IBFS File No. SAT-MOD-20160425-00040.
6. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. §0.261, and is effective immediately.

30 days "with conditions"

Re: Request for Special Temporary Authority
Fillmore, California Earth Station E4132

Dear Ms. Dortch:

Intelsat License LLC ("Intelsat") herein requests a grant of Special Temporary Authority ("STA")¹ for 30 days, commencing May 1, 2017, to use its Fillmore, California C-band earth station, call sign E4132,² to perform de-orbit maneuvers for the Intelsat 701 (S2400) satellite.³ Intelsat 701 is expected to begin de-orbiting on May 1, 2017 and the de-orbit is expected to last approximately 30 days.

The proposed Intelsat 701 deorbit operations will be performed in the following frequencies:

- 6173.7 MHz and 6176.3 MHz in the uplink (LHCP), and
- 3947.5 MHz, 3948.0 MHz, 3952.0 MHz, and 3952.5 MHz in the downlink (RHCP).

The proposed operations will be coordinated with all operators of satellites that use the same frequency bands and are in the de-orbit path.

In further support of this request, Intelsat herewith attaches Exhibit A, which contains technical information that demonstrates that the operation of the earth station will be compatible with its electromagnetic environment and will not cause harmful interference into any lawfully operating terrestrial facility. Intelsat will take all practical steps to ensure that the operations proposed herein do not cause harmful interference to existing terrestrial operations. In the extremely unlikely event that

¹ Intelsat has filed its STA request, an FCC Form 159, a \$200.00 filing fee, and this supporting letter electronically via the International Bureau's Filing System ("IBFS").

² Intelsat is concurrently filing STA requests for E000296, E040125, and E040174 to support the Intelsat 701 de-orbit maneuvers.

³ See Intelsat License LCC, Application to Modify Authorization for Intelsat 701, File No. SAT-MOD-20160425-00040 (stamp grant June 18, 2016) (approving Intelsat's post-mission disposal plan for the Intelsat 701 satellite).

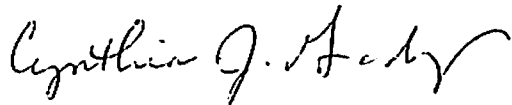

Ms. Marlene H. Dortch

harmful interference should occur due to transmissions to or from its earth station, Intelsat will take all reasonable steps to eliminate the interference.

Grant of this STA request will allow Intelsat to perform TT&C for the Intelsat 701 satellite during de-orbit and therefor safely transition the satellite into its graveyard orbit. As such, this request is in the public interest.

Please direct any questions regarding this STA request to the undersigned at (703) 559-6949.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Cynthia J. Grady".
